"Allies" Sell U. S. Out In China U. N. Vote

GET OUT OF THE U.N. GIVE THE RED CHINESE OUR SEAT IN THE U.N.

It is well known that Nixon's open invitation to the Red Chinese to come into the U.N. was a sell-out of Americal principles and our responsibilities to the free peoples of the world.

But, to the last the Nixon administration put on the facade of trying to keep the Nationalist Chinese in the U.N. under some belittling position which would strip the Nationalists of their seat on the Security Council (and give it to the Reds). All Americans should take note of the countries which have benefited so much from American foreign aid and military aid in the past, who voted with the Communists to throw the Nationalist Chinese out of the U.N.

They include, Israel, England, Canada, Mexico, and France, all joining with the Communists to oust the anti-Communist Nationalists. It should also be noted that the Reds were able to boost their 76 to 35 victory by not only voting all their puppet slave states, but the Soviet Union claims itself to be four, free, independent states. Thus Russia was granted four additional U.N. seats (and votes) to our one vote. Russia has seats for its following parts, the U.S.S.R., Byelourussian SSR, The Ukraine and Mongolia.

This farce is even more ridiculous when one discovers that America pays up to 35% of the entire budget for the maintenance of the Godless U. N. Other nations including Russia and France, etc., are far behind in their dues, and this is made up by us poor sick Americans! The time has come for America to withdraw from the U.N. and demand that this monstrosity be removed from our shores.

Remember that of the original 17 men who set up the United Nations in San Francisco in 1945, all but one have been proven to be out right Communists. At that time V. M. Molotov represented Russia and Alger Hiss represented America. As we all know, Hiss was later exposed as a Soviet Spy and sent to prison.

Traitors Behind Busing Named

BUSING — THE LAST STRAW INFURIATED PARENTS READY TO RISE UP AND TAKE BACK THEIR OWN COUNTRY

The communist enemy has indeed gone too far in his plans for the destruction of the flower of America — our youth. There can be no doubt that our people are ready to stand up and fight for our children. Since they are our most sacred possession, we are not going to surrender their rights to anyone.

One fundamental right that has become a time honored tradition in America is that of a parent to send his child to a neighborhood school. We hold inalienable the rights of the people for their children to associate with those of their own kind who live in close proximity!

America is a nation where majority rule is supposed to be the LAW OF THE LAND, and not the edicts of 12 Blackhearted tyrants sitting on the Supreme Court. Instead of staying up all night trying to read into the Constitution provisions which are not there, the Supreme Court listens to the rising anger of the people.

EVERYONE AGAINST BUSING

The rage against busing is heard from every quarter of the nation. When people go out into the streets to fight busing in liberal Boston and San Francisco — then you know it has got to be unpopular everywhere!

So everyone agrees busing goes against the grain of all the people in all sections of the country. Successful boycotts by Chinese in San Francisco and Indians in North Carolina indicate the extent of the opposition. Yet it continues to be propelled by some underground power!

The vast majority of the members of the U. S. House of Representatives have voted against the bill which would provide funds for more busing. The U.S. Senate has passed several bills which state that children should not be forced away from their neighborhood schools, President Nixon says he is against busing, the vast majority of all political figures both city and state say they are against busing — yet the busses roll on and on— Why?

HOW DID BUSING BEGIN?

The idea of busing originated in the scheming warped minds of individuals hell bent on the destruction (mongrelization) of the White race. It began with the U. S. Communist Party. They have urged (since their founding) that communism cannot come to power in America until after the White race is "melted down" by assimilation with Blacks into a mulatto race. Such a weakened zombie-like people can be easily controlled by the communist intellectual elite which carefully will try to exclude themselves from this degenerative process.

Back on June 30, 1963, a leading member of the U. S. Communist Party, a Jew named Mike Davidow wrote in the Red paper, *"The Worker"* that we must *"struggle to bring about a school system which is racially balanced."* School integration has long been one of the chief tenets of the Communist Party.

All of the court suits to bring about racial balance and busing to mix the races in the public schools have been brought by they NAACP — this is a Jewish organization and not a Negro one. The daily press keeps it quiet, but there has never been a Black president of the NAACP in the entire history of the organization. Every single one has been a Jew right down to its head today, Kivie Kaplan (a millionaire Boston shoe manufacturer.)

The head of the NAACP Legal Fund is the Jew Jack Greenberg and he is responsible for the initiation of every one of the school integration suits which has resulted in the integration of our schools.

Sadest Photo Of The Year

POOR LITTLE WHITE GIRL, on the verge of crying as she is about to be forced on an all Black bus. Who is going to stand up for her RIGHTS? She is YOUR daughter — *your sister*. Join NSRP and fight for the survival of our children!

OUTRAGE IN CALIFORNIA

The most massive long distance busing program ever ordered was written by Jewish Judge Alfred Gitelson of Los Angeles. It required the almost unbelievable busing of over 240,000 children, riding 600 buses. He ordered that no school could have more than 50 per cent of a minority race, nor less than 10 per cent. The White people knocked his order down by handing the Judge a stinging rebuff, he was overwhelmingly voted out of office.

SAN FRANCISCO BOYCOTT

One of the strongest fights against the forced busing of children has come out of the formerly liberal city of San Francisco. Here also it was a Yiddish federal judge named Stanley A. Weigel who ordered busing. To this day the largest boycott against forced busing is still continuing with over 4,000 children holding out. This forces the state to withhold a fixed amount of money allocated for every child out of school.

DETROIT FIGHT

NEXT UP

One of the hottest cities in America ready to do violent battle against busing is the Detroit metropolitan area. Once again a Jewish judge Stephen Roth has warned the people to prepare themselves — he is about to order massive long-distance busing. The judge now has FBI agents guarding his home around the clock!

It is our belief that this busing issue is the final straw which is going to break the White man's tolerance for race-mixing. The enemy has gone too far. It is becoming clear that the chief driving force in America today for the busing of children for racial balance is the Jewish race. We are not saying that there are not many sorry, brainwashed liberals involved, but wherever you look **the real ruthless energy behind race-mixing is the Jew!** If there is any new reader who has any doubt about this statement, please, by all means, order today Dr. Edward R. Fields' brilliant booklet on this subject titled *"Documented Proof: Jews Behind Race Mixing."*

BOSTON BEATS BUSING

Massachusetts, the only state with a Negro and a Kennedy for U. S. Senators — which is just about as bad as you can get. Still there is a strong White working class in Boston who do not go along with the rich liberals who do not mix their children with the Black savages. Under an evil state law called the "Mass. Racial Imbalance Law," no state funds can go to any school system that does not adopt the communist plan of racial balance. Last year the self-righteous, abolutionist state withheld $23 million from working class schools in Boston.

This year the city board of education decided they needed the money so bad they started mass busing. The Irish and Italian parents whose children were involved fought back with great fervor. The ruling was

dropped and the school board returned $14 million to the despotic state racial imbalance board. Very few realize that the city of Boston is 40 per cent Black, and Spanish. White children there are attacked by Blacks just as often as they are in other sections of the nation. The White people of Boston won their fight against busing. If they can do it in Kennedyland, we can do it also.

WHITE REVOLUTION COMING

White man awake — your sons and daughters are being sacrificed on the altar of school race-mixing just so the treasonous Jews and liberals can appease their Black supporters — **and here is the eye-opening positive proof!**

While beating the drums for race mixing and busing of our children into dangerous Blackboard jungle schools, the liberals have gone to much trouble and great expense to prevent their children being robbed, beaten, knifed, raped and even murdered by Black beasts! Here is the list which we have double-checked for accuracy:

The following fanatic advocates of school busing for our children send their own to expensive private schools:

Federal Judge J. Skelly Wright, Supreme Court Justice Byron White, HEW head, Elliot Richardson, Sen. Birch Bayh, Sen. Ted Kennedy, Sen. Charles Mathias, Charles Percy, Sen. William Proxmire, Jew Sol Linowitz, (chairman of National Urban Coalition), Sen. Thomas Eagleton, Mrs. Ethel Kennedy, Sargent Shriver, Atty. Gen. John Mitchell, Sen. John Tunney, Supreme Court Justice Byron White, Sen. Claiborne Pell, (his two children have now graduated from private schools), former Sen. Eugene McCarthy, and Sen. George McGovern has his children driven by car a long distance from their home in Washington, D. C., to an almost all-White public school in Bethesda, Md., Sen. Edmund Muskie, and Sen. Hubert Humphrey until his last recently graduated, and also Mayor John Lindsay whose wife says she would never allow her children to attend integrated schools.

Most of the other race-mixing politicians' children are grown but they also did not allow them to attend the dangerous blackboard jungle schools they advocate that our children be bused to! Sen. Walter Mondale deserves special attention because he did send his youngest son to a Washington, D. C. public school which was 33 per cent Black. When he heard that young Black toughs were "rolling" his child daily for his lunch money and otherwise abusing him, Sen. Mondale immediately removed him from the school and enrolled him in an exclusive private school — yet he still supports busing for your children and mine!

RACE TRAITORS ALL

What other term is there for such swine? They have betrayed their race, sold their racial souls for a pot of mongrelized pottage! But the White working people are now waking up.

Here Is The Problem

The Black Plague is polluting our White race and taking away equal rights from the White people. Our Supreme Court is forcing this upon us.

FORCED SCHOOL INTEGRATION
The cause or violence in public schools.

FORCED HOUSING
The cause of slums decaying the centers of our great cities.

FORCED BUSING OF STUDENTS
To force race mixing.

FORCED BLACK EMPLOYMENT
Causing laying off of qualified White people to make room for Blacks who are lazy, indolent, chronic absentees, professional loafers, filthy, immoral and dishonest. This results in lower quality work and increased cost of production.

The Black background is one of savagery, now spilled over into our classrooms and streets. In his homelane, Africa, he stole his food, worked his women, sold his children, and ate his brother. Black organizations teach a religion of violence, hate and murder. We are fed up with being bled White to support an organized mob of parasites, who only exist to feed off the fruits of the White man's labor, also the molesting and raping of our White mothers, wives, daughters, sisters and friends by these Black beasts.

We will no longer swallow the silly hoax that Blacks have contributed anything to our culture. Absolutely nothing of value to mankind has ever originated with the Black man.

We respect the Blacks who stay in their own community, but we do not want to be forced to mix with them. They have more than equal rights. We feel that they should have equal responsibilities and should obey the laws of our country. Without Blacks, who are 12, of our population, welfare would be cut more than half, slums would be reduced over 80%, police forces could be cut more than half, we would have 90% less illegitimate children, we would have 85% less violent crimes, we would have a tremendous savings in our taxes. We would have a drastic cut in our taxes, our church attendance would rise. Now only one in twelve people attend church. Most ministers concentrate on pro-integration social issues instead of preaching the Bible. They preach race mixing liberalism disguised as Christianity. It is also taught in our schools.

What is needed is a concerted boycot on every Negro politician, entertainer, sportsman and businessman.

We favor vigilante activity, which could be defined as a community acting to enforce justice in a lawful way. Vigilante activity is in accord with the fundamental principles of law.

Wake up America, it is no longer a question of equality or equal rights. It is a question of national survival.

QUESTIONS FOR LIBERALS AND RACE MIXERS

Do your children enjoy going to race mixed schools?
Do you reside in an integrated community?
Do you have Negroes on your guest list?
Do you visit Negro friends in their homes?
Do Negroes belong to your clubs and organizations?
G. W.
Washington, D. C.

(NOTE: New readers should be interested in studying the NSRP program for the repatritation of all Blacks in America back to Africa. This is the only true solution to the problem and it is more practical than many think, and actually advocated by some Black Nationalist organizations— though not by the ones headed by Jews— such as the NAACP whose head is Kivie Kaplan. The Jews wish to keep the Blacks here in America in order to have them melt down the resistance of the White race by assimilation of our kind with the blood of the genetically inferior Black race. Note ad for the *"Back to Africa Platform"* elsewhere in this issue.)

Those disgusting Kennedy girls, Joan and Ethel, with Charles Evers. They threw a $250.00 per couple dinner to raise campaign money for Evers. (Note: their children are not bused, they go to the most expensive private schools.) This jet set elite call themselves the "beautiful people" because of all their money. To us they are Race Traitors, the scum of the earth!

WHO WILL HEAD THE FBI

J. Edgar Hoover will be 77 years old Jan. 1st. It is predicted that Pres. Richard Nixon will replace him before next years election. For this reason all those in the line of succession under Hoover become more important with the passing of time. On Sept. 13 one Alex Rosen was appointed number 2 man in the FBI.

Little known in the past, The Jew Rosen has served as the FBI's chief of the "General Investigative Division." Now he stands looming over Hoover's job as second in command. It is interesting that the head of the Soviet Secret Police (MVD) is the Jew Andropov, before him the Jew Beria held the post. It seems as if this is a favorite job which Jews feel insures the security of their people because they can harass and intimidate their political opposition. If Alex Rosen should become the next Director of the FBI, then Right-Wing Christian Patriots will be in for more persecution.

Racial Diseases Cited

DISEASE DETERMINED BY RACE

We have long ago learned that certain families have carried hereditary diseases, such as diabetes, cystic fibrosis, mongolism, etc. Now science is discovering that those whose family tree has shown a predominance in cases of heart disease, cancer, lung ailments, etc., should have specific examinations from time to time to determine any initial start of such trouble.

WE ARE WHAT OUR FOREFATHERS WERE. The more science investigates, the more they discover how one's family genes hold such a powerful guiding force over our entire life. Our weaknesses toward any particular disease is just one part of it and in most of us there is some specific health problem we should guard against because of a family leaning in that direction.

Also we find that brilliance in particular fields, such as music, mathematics, science, acting, in sports and even our personality, be it extrovert or introvert is in large part inherited — so is the tendency towards crime, etc. Of course we have the power to improve ourselves in any field and overcome genetic handicaps thus perhaps improving the quality of future genetic traits in offspring yet unborn.

THE RACES SHOULD NOT MIX

One of the most revealing scientific findings has been in the field of blood plasma. It has been found that transfusions of blood with the identical blood type can be dangerous. People have been made violently ill and even incapacitated or died due to unknown differences within the make up of blood received.

Doctors now advise that the safest blood is from one's own immediate family and should always be given whenever possible. Next safest blood is that of your own racial group. Most dangerous is that from a different race.

RACES HAVE DISEASE TENDENCIES

Only recently has the spotlight been placed on the Negro disease of Sickle Cell Anemia. This is transferred down from one family to another, striking some in the family and making carriers of others — and not effecting others at all. Naturally, the solution is for Blacks carrying the Sickle Cell trait not to mate with others who are carriers. But, Dr. Robert Murray, Jr., of Howard University in Washington, D. C. has found that tests given Blacks to aid them if the disease is found has produced a negative effect. He says that many suffer emotional problems and lapse into serious depressive moods when they discover they have an inherited disease for which there is no cure. The advice that they should avoid having offspring also has an adverse effect according to Dr. Murray.

The Tay-Sachs disease is one which effects Ashkanazi Jews. (Those originating from Poland and Russia.) Doctors say that there are 65,000 potential carriers of this genetic disease among Baltimore Jews alone. When both parents exhibit the trait, the chance is that one out of four of their children will have the disease and will die by age 5. All of the other three will carry the trait. Scientists also urge them not to marry one who is a carrier of the Tay-Sachs trait.

Therefore it is obvious that it is always wise to marry within your own kind. "Race diseases" are quite common and the Sickle Cell trait of the Negro and the Tay-Sachs trait of the Jew is something no White Christian would want to infect his family line with. There are so many other differences between the races that we will limit ourselves to diseases in this article.

But we would add that X-ray technicians have found that they must give stronger doses of X-radiation to Blacks to get a clear picture due to their denser bones and harder flesh. Also a team of doctors at Johns Hopkins Hospital in a research paper found that it may be a waste of the taxpayer's money to provide free milk to Blacks in school. Tests have revealed that many Negro youngsters cannot physically tolerate milk. Many are allergic to milk.

The physical differences between the races are very numerous and for these reasons it is obvious that God never intended that White Christians should never mix their seed with that of the lower races. We must keep pure and untinged the race into which God instilled so many superior qualities.

against America and there is no way in which we can win any important vote before this body. By financing this "Trojan Horse" on our shores we insure eventual destruction of this once free republic. The spread of U.N. poison throughout the country by the Daily press and the American Association for the U.N. is undermining freedom and liberty. Their Genocide Treaty alone can wipe out our Bill of Rights overnight if Sen. Fulbright (halfbright) is able to pass it through the Senate.

The explusion of Nationalist China from the U.N. is a repudiation of America and an expression of contempt with which our enemies hold this country. The time has come for us to stop making a complete fool out of ourselves and simply withdraw from the U.N. and cut off the money we shell out yearly to keep this monstrosity alive. There is not a single benefit which can be gained for America by staying in the U.N.

The liberal sell-out politicians who seek to keep us in the U.N. hope to some day involve us in a super World Government. Now that our eyes have been opened by the outrageous treatment of Nationalist China, Patriots must step up their efforts to get America out of the U.N. and get the U.N. out of America.

THE PROBLEM OF BLACK POLICE

Black police are becoming more and more militant all across the land in opposition to their sworn oath to uphold the law. Sgt. Howard Sheffey is a black policeman in New York City and a prime example of this. Sheffey was recently elected head of a Negro police organization called *"The Guardian Association."*

His outspoken statements in support of Black Power won him the position. Sgt. Sheffey says: *"I am Black first and a cop second."*

He has also called on Black police to: *"stop any observed brutality by officers regardless of rank or race."* Roy Wake has reported to this paper a case in Chicago where two Black cops jumped a White officer who had just arrested a Black law breaker. The Blacks freed the thief because they said the White officer was too rough on him while making the arrest.

Sheffey says that there are a number of different things that are polarizing White and Black police into separate camps. He says Blacks get *"uptight"* in New York when they see a White policeman wearing a Goldwater or Buckley button. He charges statements made by White officers over the police radio criticizing Blacks infuriates Negro policemen.

Needless to say, there can be little doubt that White people do not have much (if any)protection from Black police. When they were first hired, the people were told they would only be used in Black communities.

Today they are used everywhere, much to the harassment of the White people. Separation of the races as advocated by our wise forefathers is the only avenue left open for racial peace. There are no race riots in South Africa and Rhodesia. Apartheid (total separation of the races) is the only way to have racial peace. It is also part of God's natural law, that "each will seek its own kind!" Forcing two diametrically different races together in all sorts of social contacts is nothing less than lighting the fuse to a bomb. It is now exploding all around us in racial violence and only a return to common sense separation of the races will bring back peace and harmony to America.

Nixon Makes Radicals Happy

ROBERT WILLIAMS is very happy over the Nixon trip to Red China and the UN vote. He broadcast from Peking urging Black troops in Vietnam to shoot White troops in the back. He is wanted for kidnapping in North Carolina, but Federal courts refuse to extradite him.

TV Refuses Anti-China Film

T.V. SUPPRESSES EXPOSE OF RED CHINA

"The Committee of One Million" is a national organization based in Washington which has long fought the entrance of Red China into the U.N. They have concentrated on exposing the record of the utterly ruthless suppressive methods of terror, torture and criminality by which the Communists have enthroned themselves over the seething hatred of their own people.

Before the U.N. vote to seat Red China, "The Committee of One Million," led by former Congressman Walter H. Judd sought to show a movie they produced on one of the three T.V. networks. All three turned down the request, The Committee appealed to the FCC, and its commission voted against the request 4 to 1, (with two abstentions.) They stated that this was not a Violation of the "fairness doctrine" of the Federal Communications Act.

Thus the movie which cost the Committee $75,000 to make has been banned by the 3 Jewish operated T.V. networks. (NBC is headed by Jew Robert Sarnoff, CBS by Leonard Goldenson and ABC by William Paley). They are able to twist, and use the news media to foist their own Socialist-Zionist propaganda upon the people.

Over and over again Right-Wing broadcasters have been harassed by the FCC which has ruled stations must give free air time to those our side exposes on the radio. We must pay for our time, but the enemy can reply without charge. Thus more and more radio stations refuse to sell air time to rightists, because they fear the FCC will order them to give free time to our enemies.

It is all but impossible for our kind to get on T.V. Even well financed groups like the "Committee of One Million" cannot even buy time.

One prime example of the rotten trickery the news media uses was a recent NBC news commentator's statement that *"maybe Nationalist China really wanted to be expelled from the U. N. In their own mystic Oriental way, this could open the door for eventual reunion of Taiwan with the mainland, this could further the pattern of such events."*

In other words NBC News is trying to turn truth inside out! They want us to actually think Chiang Kai-shek really wants to be defeated by the Communists and eventually come under their control! All three network evening news programs have supported Red China's admission into the U.N. in their never ending editorial commenting on the news. They therefore have no right to forbid use of the public's air waves to the "Committee of One Million" who wish to tell the truth about the bandit state we are now supposed to give diplomatic honors to.

American's are losing control of their own nation when such outrages can take place. Patriots must unite and exert every bit of their energy toward rectifying this situation while there is still time for us to take back our nation for our own posterity.

KICK U.N. OUT OF U.S. Nixon Trip to China and Reds in U. S. Acts of Treason

The headlines have shocked the American people like an exploding bombshell. President Richard M. Nixon's trip to Red China, his endorsement asking that Red China be seated in the U.S., and Nixon's advocacy that Red China be seated on the five power security council. All have left the American people almost speechless with stunned disbelief.

It is rather astounding to see the administration now cry crocodile tears over the expulsion of Nationalist China. This was assured after America's fight to bring Red China in. But, what is the long term result of these acts?

First, we have betrayed the fight against communism all over the world. Our most loyal allied, the Nationalist Chinese have been stabbed in the back. Both they and we have "lost face" in the Middle East. One must remember that it is the Red Chinese who furnish the arms and supplies to the North Vietnamese which has caused the death of thousands of our boys. Not only that but we have never signed a peace treaty with the Peking regime over the Korean war.

For President Nixon to fly to Red China is to recognize a bandit government as a respectable democratic government! Already the three T.V. networks are brainwashing the American people by referring to the Reds as "The Republic of China." Of course they are not a republic, because they have not been elected to any office.

GREATEST MURDERERS IN ALL HISTORY

The country guilty of committing the greatest number of mass murders in all history is the Chinese Communist government. Dr. Richard L. Walker is widely recognized as one of this country's foremost scholars on Red China. In a 28 page report to the Senate Internal Security subcommittee Dr. Harris said that the Red Chinese over the last 50 years have caused the deaths of at least 34 million people and possibly as many as 63 million. Dr. Walker states that a reasonable estimate would be 50 million. This brands the Red Chinese as the worst mass murderers in all history!

These figures include those killed in the series of wars bringing the Reds to power. But, the great bulk of the number perished in slave labor camps, a figure put at 15 to 25 million. Some 12 million to 30 million were murdered in political liquidation campaigns from 1949 to 1958. These people were slaughtered simply because it was feared they might form an anti-communist element due to their past support of Chiang Kai-shek's government. Thus millions of innocents went to their deaths simply because they were not communists.

Dr. Walker was able to arrive at these figures through years of reports by Red Cross agencies and from Communist sources. It seems that one of the main purposes for these mass murderers is to terrorize the Chinese population into submission. The brutal Reds always publicize the names and addresses of those executed, and the method of killing the victim. In many cases they do not simply shoot or chop a victims head off. One favorite method is to simply strip the skin off the victim and leave him to die in horrible agony.

These are the people President Nixon will be throwing his arms around and kissing on the cheek on his visit to Red China. This is the deadly enemy which continues to call Americans *"mad dog imperialists,"* that Nixon has invited to send a delegation to live in New York and represent all Chinese people in the United Nations.

The most radical of our domestic revolutionaries worship Mao Tse-Tung. They now will be able to have personal contact with Chinese envoys at their diplomatic mission in the U.S. The Chinese will now be able to personally assist in the spread of subversion here at home.

Millions of Chinese have fled the mainland and most overseas Chinese have opposed the admission of Red China to the U.N. Over 90% of the free Chinese support Nationalist China. The unpopularity of the mainland government is born out by the increasing number who flee to Hong Kong each year. Over 20,000 are expected this year, despite the Reds increased use of police border patrols to stop them. It is estimated for every one who makes it to freedom, at least 5 others are caught trying to escape.

THIS IS THE EVIL REGIME NIXON SEEKS TO LEGITIMATIZE.

CALIFORNIA'S TUNNEY HAS BIASED RECORD

Sen. John V. Tunney has quickly turned out to be the enigma patriots feared. This buck-toothed Kennedy worshipper recently sent his supporters a newsletter boasting of his legislative *"accomplishments."* He listed six main deeds, two of them were;

"I have co-sponsored a bill for the relief of Soviet Jews by providing for their immigration to America."

The second item is listed as follows:

"I have introduced a bill providing that the Voice of America overseas radio broadcast in Yiddish to Soviet Jews."

While Sen. Tunney takes bows for these *"great accomplishments"* White Christians in California are today awakening to the fact that they indeed have a weak-kneed scoundrel who spends most of his time groveling in the dirt catering to the every whim of the minority machine.

Ancient Germanic Morals — Versus Today's "Modern" Decadence

By Wilfred A. Kernbach

During the past decades of man's debasement we have witnessed an unprecedented breakdown of morality in Western society which shows no signs of improvement despite daily warnings by columnists, preachers, and politicians. Actually it is often these same "warners" who feed immorality to the people in the guise of "reason" while professing sympathy and compassion for their "unfortunate brothers." The fact that this hypocrisy goes on without arousing any protest from "the masses" indicates a lack of recognition which, in turn, implies a basic loss of healthy, protective instincts which alone provide genuine, moral understanding. Thus, this situation implies a relative absence of honor in our population, isolated exceptions nonwithstanding. For honor is the manifestation of truthfulness, and without truthfulness there can be no genuine morality. How do we know that our present morality is false? Because it does not work! The evidence is in our hospitals, asylumns, and penitentiaries. Once you accept this analysis of our current social ailments, the conclusion is obvious that an improvement in our situation is impossible unless and until we restore a *sense of honnor and inner integrity* in our people. Let us examine this task a little closer.

What is Honor?

Honor is the self-esteem and pride of an individual and a society. Honor is also a measure of appreciation for talents and accomplishments In a basic sense, it expresses respect for a person's individuality. Thus, honor is linked to a person's self-confidence and his respect and courtesy towards others.

We must appreciate the vicious distortions which the honor of our people has suffered throughout the ages. Once organized in free, natural societies, our proud ancestors were subjected to teachings that "pride" was "sinful." Their honor which had been a measure of their individual excellence was gradually *degraded* into public acclaim for servitude and compliance with the wishes of others. Thus, the desire for titles and "honors" replaced a man's inner pride of his own accomplishments. The respect for an individual's personality gave way to respect before wealth and power. This corruption of our fathers produced more than 1000 years of fratricidal

The captive Thusnelda, wife of German hero Arminius, during the triumphal parade of the Roman general Germanicus on May 26, 17 A.D. (Marble statue by Bandel)

wars, monstrous atrocities, and the extermination of the bulk of our ancient, Germanic, nation.

Read what the master of Roman historians, Publius Cornelius Tacitus, said about our ancestors, the inhabitants of "Diutiskland" (= "Land of God") in his "Germania," written 2000 years ago: "They are an unadulterated nation of people much alike in spite of their great number: blue eyes of stubborn view, reddish-blond hair, tall stature. Their posture is free and frank - their bravery defies wounds and death, their courage can grow into rage." *Thus lauds a proud Roman our German people!* His words are older than the New Testament but known so little! "A people without cunning or deceit," calls Tacitus the Germans, as he describes their plain mode of dress and their weapons-games and praises their women. Greeks and Romans saw in a woman a subordinate creature inferior to a man, but German idealism regarded the woman as holy, the mother of brave generations, a prophetess. The chastity of the German woman is lauded by Tacitus as her highest adornment which, if abandoned, was never forgiven; not beauty nor youth or wealth would find her a man!" *For here no one laughs about vice, and seduction and tolerance of corruption does not rank as timely with them.* Only virgins enter marriage which is consummated only once, with the hope and the pledge of the wife. Thus they receive only one man, as one body and one life, so that no thought reaches beyond, the sensual desire extends no further, so that they love in him the husband as well as the marriage. *They hold it a crime to limit the number of children or to kill anyone of the new-born,* and here good morals attain more than elsewhere good laws. Only late do young men learn of love; undiminished is therefore their masculine power. Also they do not hurry to marry off their young girls. They possess the same, fresh, youthfulness and a similar, tall stature. Equal in strength they wed their young men, and the children reflect the healthy and strong nature of their parents. *Very rare for such a numerous people is adultery* which is immediately punished by the husband. He drives his unfaithful wife naked and with shorn head out of his house before the eyes of their relatives and drives her with beatings through the whole village.

The solemn wedding ceremony reminds the wife from the beginning that she does not stand outside of the male circle of interests and the changeable fortunes of war, that she becomes the companion of the husband in distress and danger, and that she must share his fate in peace and war. This is the meaning of the team of oxen, the saddled horse, and the offered weapons. In this spirit shall the wife live and die: what she receives, she must pass-on to her children as undefiled and undamaged property, worthy to be received by a daughter-in-law and worthy to be passed-on again to her children.

During battle, wife and children are near their fighting husbands. They are their witnesses and the heralds of their deeds. *The warriors show their wounds to their mothers or their wives who do not shy away from counting and examining the single cuts. Indeed they strengthen the warriors with encouragement and food.* Many a line of fighters which began to retreat is said to have been stopped by women with their intense pleas not to deliver them into captivity." Thus from the "Germania" by Tacitus - an incomparable monument of honor for Germans: the great Roman historian contrasts the corruption and the total decay of Roman culture with the health and the high morality of the German nations! Sadly enough, the high standards of our ancestors contrast also dramatically to the modes of our time today. One particularly heinous aspect of the corruption of our current civilization is the malicious degradation of our girls and women. Truly, if ever a person in God's world deserves our honest respect and love, it is the one who gave us life and who cared for us until we were grown. We should hold the honor of our girls and women inviolable, in reverence of their role as progenitors of our nation. Yet what have we done? We have allowed the oriental rapist to tear the veil of natural decency from the chaste bodies of our women. Our own daughters, sisters, and mothers are the objects of innumerable lewd and "obscene" "jokes" which, incredibly, *form the principal "entertainment" at our social gatherings.* Shameless exhibits of erotic undergarments fill our "fashion magazines" and our shopping windows. Our bookstores are crowded with sensual and profane books and periodicals, and our movie screens demonstrate in flesh-color what to do with a girl: *nothing can be too humiliating, too perverse, too swinish for the "entertainment" of our youth.* And all this smut and filth is passed off as "education" and, incredibly, and to the eternal disgrace of our people, *it is accepted as such!* May God help us (if He can stand our sight), for we are losing the one thing which we need in order to secure our future: the loyalty of our ever-self-sacrificing women. What boundless contempt they must feel for a society that reduces their holiest life-giving functions to satanic exercises for "fun" and profit.

Honor, indeed, is the main-spring of man's morality. Destroy a man's sense of honor, and you destroy his chance for survival in a world that - as always - moves by standards of excellence. When will our people understand that they must guard their honor if they want to live in freedom and happiness?

Finally, we must distinguish man's honor from man's pretensions at honor. A famous German soldier-statesman, General-Feldmarschall Hellmuth von Moltke (whose marble-bust stands today n the museum of Westpoint Military Academy) said once: "Viel leisten - wenig hervortreten. Mehr sein als scheinen." (Translated, this means: "Do much, but show little" or "Be more than you seem to be."). This modesty of our people becomes ever more apparent the further we go back in history: what titles or medals did the ancient Goth and Vandal nations bestow upon their brave warriors and statesmen? *But then, they still loved their own people as they loved themselves and were yet free to think as they would without the guidance of school, press, and television!* Reflect for a moment: *have we gained or lost since Tacitus?*

Daily Press Confuses Meaning Of Nov. 2nd Vote

TYPICAL AVERAGE AMERICAN

Our Great Cities Are Dying

CREEPING GANGRENE ROTTING ST. LOUIS

St. Louis, Missouri is a dying city. Thousands of Whites have fled. Many have abandoned their homes when they found it impossible to sell them. Entire areas look like bombed out Berlin after W.W.II. Substantial homes, reflecting valuable property investment now lie deserted due to a deadly disease which has crept over the city.

CRIME — street terror, rapes, knifings, robbery and murder have cleared White people out of vast areas of this once proud and dynamic city. Once the Black plague has devoured a neighborhood there is no turning back; to date no section of any city in America has been reclaimed for the civilized once the Black Blight has taken root.

Clayton, Missouri adjoins St. Louis on the central West. It is made up of middle class and affluent Whites. Next to Clayton on the North is University City where the Jews have congregated. Clayton has some High Rises and a prosperous commercial area.

The Chamber of Commerce element of these two cities are now expressing grave concern over the gangrene which is seeping from the corpse of St. Louis. Dr. Norton E. Long of the Clayton Rotary Club said that *"appropriate and courageous action is badly needed."* Dr. Long said that if the flight of Whites takes hold in the two cities, and their void is not filled by Whites (who now refuse to purchase or rent vacant housing there) then Clayton and University City are *"doomed!"*

A NATIONAL MENACE

Metropolitan St. Louis is in an advance crisis stage which is a prime example of the fate facing every major city in America. The problem rises from the fact that tens of thousands of rural Blacks are migrating to the central cities. Also their birth rate is 22% ahead of Whites. Their numbers are growing and the need for expanded living space is forcing the seams, and threatening an explosion.

Blacks have never been able to hold a civilization together. Even if it is handed to them on a silver platter. Egyptian and Haitian history is a prime example. The Blacks took over Egypt peacefully by assimilation with the White builders of the empire; they took Haiti by killing all the French inhabitants in a slave rebellion. All Black ruled areas of the world, be they a neighborhood, a great city, or a nation, fall into decay and corruption at an amazing speed — ALMOST OVERNIGHT!

It is unbelievable just how fast the regression takes place. It is an absolute impossibility for the Blacks to maintain civilization, and their entire history stands as living proof of this fact. For this very reason many great American cities now are about to be destroyed by this deadly d i s e a s e — BLACK GANGRENE! Washington, Cleveland, Newark and St. Louis are already dead. Soon to follow in its footsteps are Atlanta, Jacksonville, Richmond, Philadelphia, New York, Dallas, Nashville, Little Rock, Chicago, Detroit and Chicago.

If these great cities are destroyed — then the prediction of Boston's mayor Kevin White (after viewing New York's devastated Negro Brownsville area) will come true. He said: *"This could well be the first tangible signs of the destruction of our civilization."*

AMERICA IS OURS

Our Founding Fathers gave us this great Republic as a sacred trust. It is our duty to guide the destiny of our people by using the powers God bequeahed to the White race only. That is the ability to develop civilization for the greater good of all mankind. The light of technical advancement of our race has benefited all the backward peoples of the world.

By far the greatest error ever made by our race was the importation of primitive slaves out of the jungles of Black Africa. They have contributed nothing to the progress of society, on the contrary their very existence among us is a drain of resources into a bottomless pit. In fact, for all the billions spent on the Black race in free housing, free medical care, welfare, additional police to prevent them from killing everyone, down to all the poverty aid spending — nothing seems to help! All this money has been wasted and has only served to embolden Negro demands **and make them even more dangerous to White society.**

Now we stand at the end of the line. They demand we capitulate to the demands of the Blacks and turn all the resources of the country over to them via the Guaranteed Annual Wage and other assorted plans to enable the Blacks to live off working Whites. They demand our descendants be the future slaves of the Blacks, existing only to labor and replenish the pork barrel trough of these parasites.

FOR THE WHITE RACE TO TURN IN ITS TRACKS AND — FIGHT!

This is not a matter for parlor discussion, it must be taken as the most serious life and death question facing us today! **The very survival of the White race is at stake!**

This is a time which cries out for brave and courageous men to take a public stand for what is in the best interest of the White race. The National States Rights Party is mobilizing its forces for total combat. We want men ready to make the sacrifices necessary to win this fight to join our ranks. Let this be your invitation to join a mass movement which intends to do something to save our nation and race while there is still time.

ELECTION RESULTS BEGINNING WHITE REVOLT!

The news media in typical fashion is trying to conceal from the people the true meaning of the Nov. 2 election — it was a smaching victory and portends even greater events ahead. The daily press took 3 cases and used them to claim there was a draw between the right and left wings. Let's study them one by one and see what they really tell us:

First the liberals point to Louise Day Hicks' loss of the mayor's race to Kevin White in Boston. The truth is that she had no change from the beginning. It was never a close race. Other infactors intervened. Many thought since she was already a congresswoman she shouldn't hold two public jobs at the same time. Liberals also point to Negro Richard Hatcher's re-election as mayor of Gary, Indiana, but that city is now over 65 per cent Black!

The real test comes when you study the elections which the leftist liberals thought they were going to win. They spent huge sums of money and lost the following battles.

PHILADELPHIA

The *"Toughest Cop in America"* Frank Rizzo beat ultra-liberal Thacher Longstreth by a wide margin. Philadelphia is 33 per cent Black and has the fourth largest Jew population in America. Still Rizzo went into office on what the enemy called a 'blatant racist campaign.'

SAN FRANCISCO

Mayor Joseph Alioto was said to be in trouble over some federal indictments and a grand-slam smear campaign by "Life Magazine." The liberals bet their money on Jewess Dianne Feinstein and she spent about a quarter of a million dollars to gain the mayor's seat.

But something tipped the scale in a big way — the busing issue is red hot in San Francisco. Dianne Feinstein was head of the school governing body and she strongly backed mass busing and condemned those who participated in the boycott movement. NBC-TV predicted that Mrs. Feinstein was coming up fast and was close to beating Alioto. But, Alioto had taken an active stand in protesting against busing.

When the results were in Joseph Alioto won big. Dianne Feinstein ran a poor third. Alioto almost doubled her vote. Another defeat for the Jewish race-mixers.

CLEVELAND, OHIO VICTORY

According to the daily press, Ralph J. Perk wasn't even in the running for mayor of Cleveland. This conservative Republican spent only $20,000 and his campaign was very poorly organized. The news media said the race was between millionaire James Carney running as an ultra-liberal integrationist Democrat and Carl Stokes' handpicked Negro candidate Arnold Pinkney.

When all the votes were tabulated underdog Ralph Perk was the winner and Cleveland had been liberated from domination by the Black yoke for the first time in eight years.

MISSISSIPPI VOTE

Negro Charles Evers was not supposed to win and he didn't. But the big surprise was the low voter turnout by Blacks, less than 50% bothered to vote. Thus Black indolence and apathy revealed its natural trait. The same tendency appeared in Cleveland and Philadelphia, the Blacks did not bother to go to the polls as predicted, still they could not have beaten the huge White turnout if they did.

Mississippi's trouble lies in the 'freak' William Waller who was elected governor. He is not much better than Evers and the farthest left-winger ever elected governor since Reconstruction. Rightists split their vote in the primary and Waller slipped in. But this huge White turnout will elect a real fighting White Patriot to high office in Mississippi one day soon.

REAL VICTORY IN MACON, GEORGIA

In a much less publicized race a real "law and order" man was re-elected mayor of Macon, Ga. Ronnie Thompson is the tough crime fighter who has ordered his police to shoot to kill robbers and rioters. Big money flowed like wine into Georgia to back his opponent Emory Greene. It produced nothing but mud-slinging on the part of Greene.

Readers may remember that it was Ronnie Thompson who not long ago rushed to a Macon riot. He saw a policeman who was not using his machine gun. Thompson took the automatic weapon away from the officer and opened fire on the rioters. The violence was quickly put down.

VICTORY FOR WHITE FACE

In summation, the leftists lost every border line race they had hoped to win. We certainly are not saying that the victors live up to the qualifications which the NSRP holds to be ideal. But what we are saying is that the Whiteman has flexed his political arm and shown the power that we do have to smash down the liberals and their aligned. This is just the tip of the iceberg showing. The submerged mass will wreck the liberald, giving Rightists everywhere the chance to ready themselves to run for local, state and national office next year, because 1971 is going to see a big sweep for the right.

OUTRAGE CONTINUED IN CALIFORNIA

Last June 19 a motley band of Jewish punks (from the "Jewish Defense League") picketed a Los Angeles meeting of the National States Rights Party. They fought with two NSRP guards on the door and knocked down several of our elderly supporters. When police arrive, the Jews attacked and beat several of them.

Four Jews were formally charged with eight misdemeanors. On Sept. 8 the charge came up in Los Angeles municipal court. Judge James P. Natioli dismissed all counts after the Jewish prosecutor picked for the case did not even try to make a case. The following Jews sought to silence White Christian's rights to freedom of speech and assembly. They have been freed by the court to continue to plague Christians.

JDL leader, Jan Okin, of 145 N. Almont Dr., his loud mouthed mother Mrs. Shirley Okin of 144 S. Bedford Dr., Beverly Hills, Robert S. Manning of 455 N. Curson Ave. and Edwin A. Gassman of 756 S. Normandie Ave.

One can imagine the vigorous prosecution which would occur if White Christians would in any way disrupt a Jewish meeting, much less attack the police. We would be given the limit of the law! But this is not the fate of the arrogant "chosen people." They are allowed to run amuck over the rights of Christians and we are not supposed to fight back!

But today's Christians have taken more abuse from the Jews than they can tolerate and we predict that the Jews are going to rue the day they started attacking our people on the streets. "NEVER AGAIN" are we going to allow such an outrage to happen!

The National States Rights Party has been very active during the past two months despite the fact that the weather has become a factor. Here are activity reports from Chapters throughout the country:

INDIANAPOLIS, INDIANA has been busy organizing under the leadership of Clayton Roots. He has been contacting new supporters and recently his Chapter joined with "Americans For America" for an anti-busing march at the state capitol.

BEAUMONT, TEXAS sent us some very fine photos of their recent meeting which featured Attorney J. B. Stoner, Neuman Britton, Roy Wake and Col. Warnock, the anti-busing leader from Pine Bluff, Ark. This active Chapter has done much to saturate their area with NSRP literature.

DALLAS, TEXAS has held another anti-busing rally under the leadership of Jimmy Robinson, long time NSRP member. A good crowd of new people attended and much public activity is planned for the winter months.

JACKSONVILLE, FLORIDA has held several meetings protesting the attempt to bar White students from using the Confederate flag at the local Nathan Bedford Forest High School. Blacks also sought to have the song "Dixie" banned. They talk of so-called Black history and culture, but want to forbid Whites from honoring our past history. Gene Wilson and Carl Marcum along with J. Mercer Johns have gone right into the school to rally the White students against this outrage.

GRANITE CITY, ILL., Chapter gave us a fine report of the picnic they held. A good turnout by leaders from the Kentucky NSRP Chapter attended, led by Jerry Pope and they are pictured on this page. Cooperation between different Chapters is a good way to build channels of communication for future joint activity.

BALTIMORE AND NEW JERSEY Chapters joined together again for another march in Washington, this time opposing Nixon's trip to Red China and China's entry into the U.N. A large contingent of NSRP members from surrounding areas arrived before the nation's capitol. Despite bad weather it was a big success and well covered by local T.V.

Bill Brailsford has continued with public rallies in Baltimore despite the many difficulties he has faced. Our message is being carried to the people regardless. Mr. Brailsford and Jerry Heinemann have two of the sharpest uniformed guard groups in the entire NSRP.

VIRGINIA has seen several more meetings held by organizer C. L. Morrissette. His outstanding speaking ability has had a good effect on awakening the people and bringing many new members into the Party. Recently he spoke in Charlottsville, Va., and will travel to North Carolina for another meeting this month.

We Need More Subscribers
You Can Help

Every day we receive letters of appreciation for the hard hitting truths which The Thunderbolt publishes. They all say that this is the most dynamic, fact filled publication they know of. That it has a terrific impact upon all their friends who read it. That we are doing an outstanding job. We thank the many who have sent in such comments.

One big problem we face is that of steadily rising costs — despite the price freeze — some increases are built in, like already scheduled postal rate increases. As we see the situation right now, it is not possible for us to raise the price of subscription — it would cut us off from many on fixed incomes.

The answer lies in greater paid circulation. The overhead cost would not rise much at all if our circulation doubled tomorrow! There are quite a few who receive their paper from a friend – if they would send in their own personal subscription it would help that much more. You who are daily reading the paper for the first time, if you would not procrastinate, but rush in your subscription today, that would be a big help.

Surveys have been made which show that the longer one puts off an action he has intended, **the less likelyhood of his ever doing it.** Thirdly, every month we must throw out many names of those who have failed to renew their expired subscriptions. This is a serious loss to us, because we must gain two new readers to replace any who fail to renew if we are to show a gain.

Therefore, please, one and all of you wonderful subscribers to the fearless truth, do your best to renew your subscription on time. If this is the first time you have ever read The Thunderbolt, tear off the form on the back page and rush your subscription in right now— TODAY! Remember that the bigger this newspaper grows the sooner the day of reckoning will arrive for our enemies and freedom and justice for all our folk. Let's speed up that day by doing everything within our power to build The Thunderbolt into a much more powerful force in America. The increase in circulation will help to bring us closer to that day of VICTORY.

Over Reliance On Police Breeds Cowards Of Men

By Dr. EDWARD R. FIELDS

We are indebted to Maj. Gen. Thomas R. Lane for expressing an eye opening idea which strikes us as being 100% correct. Gen. Lane states that the *"law and order cry"* of many Americans, plus their willingness to rely on more and more police to defend us is making cowards of men.

Gen. Lane says that as the crime rate rises and more and more police are hired, a repressive cycle sets in that strips the people of the will to defend themselves. Cunning politicians step in and ask the people to surrender all their firearms for the cause of "law and order." People depend more and more on the state to defend them from criminal and radical elements.

Gen. Thomas Lane states that during the days of the Old West, when citizens formed vigilante groups to put down crime, there was a very low rate of crime and citizens were safe most anywhere. Just thirty years ago, those tempted to break the law were often deterred by the fear of an angry group of irate citizens lashing them at the stake, of letting them swing from the end of a rope — crime was an uncommon thing.

Gen. Lane says, "Our people today lack self-reliance, many are too cowardly to defend themselves, and even fear to own a gun."

Thus the people are becoming more docile and more apt to be intimidated by the lawless elements. It has a snowballing effect, the more the public surrenders its rights in the name of achieving "law and order," the less "law and order" you have.

As Gen. Lane explains, "as the government wields more power, there is less restraint from the people to control it. Next the government sacrifices principle for advantage and governs not for the public welfare, but for profit."

Thus criminals are able to buy protection as the recent New York City police scandal has illustrated. The recently revealed system of pay offs, bribes and fixes is rampant in New York City — **where the most strict anti-gun laws in the nation are enforced.**

A VIRILE AND INDEPENDENT PEOPLE

They have plenty of "law and order" in Russia and Red China because the criminal element is in power and will annihilate any citizen who opens his mouth to protest. **A free people are those WHO ARE THE LEAST GOVERNED!**

We must stand up on our own two feet and use the weapons at our command to protect ourselves. We must assume personal responsibility for the maintenance of law and order in our own community — AND AS CITIZENS TRAINED IN THE USE OF FIRE ARMS WE THUS REGAIN THE VIRILITY TO PROTECT OUR OWN DESTINY!

Of course the police are needed, but not on every block, every commuter train, in front of every store, etc., etc. LET THE CRIMINAL BE IN FEAR OF INSTANT RETALIATION BY ANY CITIZEN HE MAY HARM! The time has come for our people to regain their manhood! To give up our guns and our freedoms will not bring on more "law and order," but LESS!

Let's not give the criminals an open door invitation to break into our home because all guns have been removed by the state! Americans must in the end be ready to give their all to defend their home, state and nation if need be to insure that criminal anarchists never turn our country into a communist police state.

Remember the cry of our sacred forefathers, GIVE ME LIBERTY OR GIVE ME DEATH.

Jax. Students Fight For Flag

Editor, The Thunderbolt

My name is [redacted] but that is of the least importance of this letter, so it is my preference that this information be with-held.

I am a student of Nathan Bedford Forrest Sr. High School, and was involved during the small crisis that had confronted many of the people attending that school. The Rebel flag had been a tradition of Forrest for abouth thirteen years, unlike the song "Dixie" it was not legally adopted. The name of our football team is the Forrest Rebels. The majorettes costumes are made of the Rebel flag. One day the minority which consists of about 200 Negroes, made the decision that both the flag and song were discrimination of their past history, thus this brought about much disagreement and erupted into student walk-outs, which a short time later was represented by the NRSP. With their support and help we found that we were able to voice our opinion and bring the situation to a democratic vote. And so we voted and naturally the majority over ruled and the confederate flag was there — for adopted by our school, and as a state law the song "Dixie" was still the original school song. But I would like to give our thanks to your organization for your helping hand for without your help our task would have been much more arderous. It is my opinion that 200 Negroes are not intelligent enough to govern the White Majority.

Respectfully Yours,

HAPPY NEWS FROM BEAUMONT

Editor, The Thunderbolt,

Wanted to let you know that the Barbo couple that were shot down on the streets here by the carload of Niggers and you printed the story, has had her baby. I thought that you might like to let the Thunderbolt readers know about it. The baby was born the 15th of Sept., a boy weighing 6 lbs., 11 oz. and by the grace of God it was born in perfect condition with no ill effects of the gunshot wounds inflicted on its mother by a savage bunch of animals. I am very happy to say that mother and son both doing well. I want to thank all the Good White People that contributed to the Barbo Medical Fund. It was gratefully received by the Barbo couple. They were very young and needed help and when help is needed the white people rallied and showed that they take care of their own.

Thank You,

WHITEMAN — HOW MUCH DOES IT TAKE TO MAKE YOU FIGHT?

Editor, The Thunderbolt:

Being a member of the NSRP I think its time I voiced my opinion.

I never thought I'd see the people of this country being pushed around by Black half wits.

When are the Whites going to push back? I called my brother in Pensacola, Fla. at Christmas time and he said the niggers there (2 of them) attacked a White girl with knives. There was a policeman present at the time, but they cut her up very badly before he could stop them.

The local authorities wouldn't let this get into the newspaper.

If this had been my girl I would have taken drastic action against those two Black degenerates myself.

I appreciate your paper and look forward to the next one.

READER REPORTS A GRAVE THREAT

Editor, The Thunderbolt:

In the 20's in New Mexico marriages between Mexicans and Whites were looked on as marriage between Black and Whites are now. Today more than half of all marriages are mixed — with Mexicans or half-breeds. More than half of the kids born in New Mexico are part Negro, part Mexican and what ever the White(?) parent is.

I am a member of the NSRP and also a student of Electronic Technology at DeKalb Area Technical School in Clarkston, Ga. I would like to report a tragedy of our times which occurred to my class on Thursday, July 29. On that day two representatives of Honeywell Computer Corp. came and wanted to know if we had a Nigger in our class. When they found out we had one, they wanted to interview him for a job! This Nigger is in the bottom third of our class and has had no previous experience in electronics, but because he's a Nigger, they wanted to immediately hire him! When they found out how dumb he is, they agreed not to hire him till the end of the quarter (Sept. 28) and then place him in a controlled environment (i.e. under a supervisor who constantly watches over him)! After the interview, the two representatives spoke to our class. The very first thing one of them said was, "We hire without regard to race, color, or creed." I was so dumbfounded at this outright lie that I could not say a word!

Dear God, when will the White pople of this country stand up and fight against this cancer?!! **When will the social (and political) revolution occur that will free us from this state of communism?!! I can only fight and pray and bring others to our cause; that is all any man can do.**

COMMUNISM HERE — NOW!

Editor, The Thunderbolt:

There was a book, unknown to most in the U. S. today, written back in the 1930's, giving Communism's very clear aims in the U.S. and a definite statement of its political philosophy and modes of implementing it. This book was *Toward Soviet America*, by William Z. Foster. It is in the hands, of course, of all American Communists . . . is verily their "bible". Although very rare and out-of-print, it is still occasionally possible to secure used copies through rare-books dealers.

The final chapter, "The United Soviet States of America," discusses:

1) The Nationalization of Industry and Agriculture; 2) Expropriation of Capitalists; 3) Liberation of the Negro; 4) Liquidation of Religion; 5) Abolition of War; 6) The Cultural Revolution; 7) Crime and Criminals; and 8) Revolution of Science.

Now try that on for size! How far along have they come, do you think? And so then, what's next? Better KNOW!

Any Negro worrying about the numbers of the Negro race in America should merely visit the nearest government orphanage and see the multitudes of *unwanted* Negro babies and children. Blacks Hate "Hand That Feeds Them"

By Jim DeWitt

Answers "Time" On Attica

One very interesting point *TIME* did not bring out in its coverage of the Attica prison riots, where Time's writer stressed the "restraint" of the revolting convicts, is that the convicts had a very valid reason for not cutting the throats of the hostages, even though they may have wished fervently to do so. The prisoners were *not outside the walls.* They knew that the hostages were their own insurance against slaughter of themselves should they kill them. I am sure that, with this type of prisoner, humane consideration had little if anything to do with the hostages not having been slain immediately. They were a bargaining asset and an insurance against onslaught by prison authorities. Had the convicts been able to march outside the walls with their hostages, taking them with them, I am sure that not one guard would have lived but that all would have been ruthlessly slaughtered. Who loves a "pig"? No, "Slaughter them!" Slaughter them. But do so only when you yourself can escape unharmed. Since no other publication has brought forth this angle, seeking to excuse and even extol the convicts while condemning the prison authorities for their "assault" on unarmed men, I hope Thunderbolt will call it to the attention of your readers.

It would be very interesting to know, too, just what the ringleaders among the convicts were "in" for, so that we may judge whether or not their incarceration was "political" (as claimed by some of the sob sisters) or whether their crimes should be punishable by death. I hope Thunderbolt can sleuth this out, too.

Salute To Herman Reynolds

Editor, The Thunderbolt:

I once heard a speaker say that a determined man was a man to be feared for he never gives up. Determination is indeed the word to describe Mr. Herman S. Reynolds, vice chairman of the NSRP in Louisville and one of the original founders of our party.

Determination is a human trait too often underestimated and over-looked. But it is absolutely essential to the success of any political movement and certainly essential for the survival of Man, Race and Nation. Mr Reynolds and his wife are quiet people and one probably would not think that they are such dedicated patriots, and yet, I know that they must be the bearers of many battle scars. Our struggle is such a hard one. The Zionist Predators have infiltrated every element of our lives to such an extent that our day-to-day living is a constant resistance to their filthy influence. There are the traitors in our own race who are selling their souls through cowardice or for money and position. There are the educated stooges zealously working for a so-called "inevitable revolution", preeming over their university degrees, imagining themselves to be very clever and intelligent for working against their own race when they haven't got the sense to know that they have no minds or their thinking could not have been taken over by the Predators. Then there are the sincere idiots who may be the most dangerous of all for they actually believe that taking a stand against their own race is some form of Christianity, that they are doing something "right" and "fair" and that God wants them to do it. Mr. and Mrs. Herman Reynolds' determination is an inspiration. At no time in our history has America needed rugged, determined men of vision as now. Such men made America great and will re-make America great.

People speak despairingly of our country today. But no one knows what is going to happen. The Zionists Predators are not conquerors — they are killers. They are impure; they are sneaks, liars, cheats, distorters, murderers, filled with hate, greed and evil. Yet, some of our wise men have been observing that Nature is against the Predators. I do not know how long they have been observing this fact, but Nature, they say, has destined the Predators for total defeat and will take the traitors, the stooges and the idiots down with them.

The bugle blows only for the Mighty — the rugged, the intelligent, the determined, the pure, the good, the honest and the spiritual. **You and I see them every day — the workers pouring out of the factories,** the ordinary people along the streets, the farmers, the policemen, the soldiers, the real Christians — United they will triumph over the enemy.

RISE WHITE AMERICA

Editor, The Thunderbolt:

The White people face total destruction. Never before in our great history have our enemies been so powerful. Jews and Communists control much of the world posing such a terrifying threat that many good people are paralyzed from taking positive action. On the home front, we find that Jews control our economy, our news media, and even our government. We are forced to work with and live beside the subhuman Negro; our children are being shipped from school to school to mix with these beasts, and more and more Jewish propaganda takes its toll among our nation's youth as interracial marriage increases.

God, where will it all end? Are we to become a degenerate half-breed people, a decaying third rate nation? What has happened to the White Man's pride? Are we so far gone that we are content with slavery under our Jewish masters?

Thank God for the National States Rights Party. The White people have hope. May, God willing, White men proud of their heritage and confident in their strength rise up all across this nation and fight proudly beside the Thunderbolt — the symbol of free White America!

Beware, traitors of America!

The Mexican Menace

Editor, The Thunderbolt:

The communists have announced, on numerous occasions in the past few decades, their plan to take over America. They intend to take over the South and large Northern cities by using "black power." Therefore, every "civil rights" Nigger should now be known to be an avowed enemy of every Patriotic White Christian American.

Here in the Southwest, the reds have another tool; they are using the mexican mongrels. Yes, these mixed-breed spics (mexicans) have announced that New Mexico, Colorado, parts of Texas, Arizona and Utah belong to them (even though the White Texans had whipped these "greasers" well over 100 years ago).

Therefore, it should be apparent to every thinking person that the minorities (Negroes and Mexicans, in particular) are part of the Jew-communist conspiracy that is designed to destroy our way of life, our racial line, American heritages, and our very lives! **We must never surrender.** Be thankful for Patriotic organizations, such as the NSRP, that are working day and night to awaken America to the evils of communism, red-inspired race-mixing, liberalism, socialism, etc. (In fact, the only difference between a "communist" and a "liberal" is way you spell them.) We must stop the reds from taking over our Country and making our beloved America a communist satellite. Also, think this over: compare the goals of the minorities (mongrelization, fixed yearly wage for doing nothing, out-of-wedlock breeding, etc.) with the goals of the communist party and you'll find they are one-and-the-same.

The war against godless communism must go on, and we must not only retain the aforementioned States under attack by the reds, but we must take New York back from them.

Yes, the Niggers and Mexicans are our misfortune; for, without them as puppets, the Jew communists would have very little material to work with in this Nation. May White Christian American wake up before it is too late.

Yours for Christian
America,
A Patriot in the Southwest

As the White American giant begins to rouse from his lethargy, even the most unconcerned are coming to realize how deep is the hatred borne the Whiteman by the negro. Whether it be in the South, where blacks have long enjoyed the highest standard of living ever known to any Negroid group in the world, or in the North, West, or East, to which they have more recently migrated, expecting pie-in-the-sky, the Negro masses nurse an equally deep-seated desire to do the Whiteman harm.

Millions of White people have only recently begun to become aware of the extent of this black hatred, as a result of their cities being burned, windows broken, cars stoned, and members of their families and friends insulted, beaten, robbed, and perhaps even raped or murdered.

Although the Whiteman is learning fast the Negroes' hate for him, he is at a loss to understand why this should be. For years Jews and "bleeding-heart" negrophiles have sought to have us believe that the Negro is underprivileged, "culturally deprived", and frustrated. But this is a worn-out excuse, and has been proven patently false. After all, has the Whiteman not given the negro his food to eat, clothing to wear, and houses for shelter (though the Negro might squander them all) ? The denizens of Africa, cousins of Negroes in America, still practise cannibalism, go naked, and live in mud huts, if anything.

Add to that the Whitemans' gift of his European language, knowledge and educational heritage, medical achievements to lengthen the Negroes' life, welfare programs to allow them to propagate their kind at the White taxpayers' expense, electric lights and appliances for their convenience, cars to run about in, technical marvels of every kind, **and even the very names they bear.**

And what's more, Whiteman has offered the negro his Christian faith and hope for immortality. Nevertheless, who can say that the Negro in America, in three-and-one-half centuries, has, in his behavior, advanced from his African amorality even to the level of conscious immorality? Does the Negro have a conscience at all?

But for all the material and spiritual benefits White America has bestowed upon him, the Negro hates Whiteman for his pains, and bites and hand that feeds him. He never stops to compare his blessings in White America to his former squalor, disease, and brutality in Africa.

Millions of White people wonder why these things are, but the answer is so simple: the Negro is an animal being that we are trying to evaluate by Whitemans' human standards. No wonder his savagery defies our reasoning; there is no spirituality in him.

Baited on by the wicked promises of his Jewish masters, and White race-traitors, the Negro in America today is like a dog gone mad. And so he must be dealt with, by the only means he understands — Force. Only by strong-arm methods can White America save its centuries, old civilization, lest the beast rise up and plunder his land. Then, when he has recovered order in America, the Whiteman must part company with the Negro, by sending him back to his African haunt, for the sake of the future survival and blood-purity of White America.

Every time the Negro displays his ranoor for the Whiteman, Jewish apologists, and White race-traitors, heap the blame upon Whitemans' head. They attempt to make us feel guilty for not giving the Negro everything for free. But we need not be ashamed of ourselves on account of the Negroes' failures. We need not have given him our material and spiritual blessings in the first place. No one helped Whiteman build our mighty American nation with welfare handouts! We owe the Negro nothing. We must never feel guilty as members of the White Race-Folk; instead we must be uplifted with pride for the greatness of our White Race and White Christian America.

SEATTLE MEMBER WRITES

Editor, The Thunderbolt:

It is my belief that Nixon's clandestine plan of "fire white-hire black" will only bring about the desirable dichotomy between ourselves and the inferior negroid and Jewish swine. Soon the Nordic inspired taciturn individual will rise up against this plan of decadence. The increased use of the negro cacophonous language and "so called" music— is the anachronism which has perspectively placed the long awaited white man's revolution in its desired and needed occurence. And the surreptitious Jew who uses his glib mannerisms to "rob the job" and increase his omnipotent "power of the purse." I have been satiated with the benevolent morons whose pejorative "good deeds" for the "nose" and those "hut dwellers from Africa" — whose remiss has cost the employment and respect of the White working man. My prognosis for curing the equity among ourselves and the inept Negroid and the incorrigible Jew, is our unilateral use of innate beliefs and power to inset a chronic-phobia that will eventually "cleanse" and rid us of these enervate undesirables.

I have recently joined the endless ranks of White men in Seattle whose "life's work" has been revoked. I hope you will alacritly send me a membership card, and future copies of "The Thunderbolt," along with a copy of the NSRP platform — to which Iwill reimburse you whenever my situation allows — hopefully quite soon.

As a famous man said, "The great masses of people . . . will more easily fall victims to a great lie than a small one."* — and that lie is "human (racial) equality."

Jews Want No Blacks In Israel

Sterilization Pushed On Whites

Recent U.S. population counts show that Birth Control advocates have been successful in curbing the White birth rate. But they have met with dismal failure in trying to influence the Blacks to follow suit.

In fact the Black birth rate has increased to 22 per cent higher than that of the Whites. This means in simple terms that Blacks are out-breeding Whites in our own country.

Various programs are being used by liberals to influence Whites to cut down on the number of births. One such program is being operated in Anderson County, Tenn. It is headed by Dr. Warren Hern. He was sent down to Anderson County by the Office of Health Affairs in Washington, D.C. His orders — "to sterilize as many White people as possible."

Paid by the federal government with poverty aid funds, Dr. Hern wrote a revealing article in the leftist magazine, "The New Republic". Hern stated he goes out and speaks to men in factories, gas stations and pool halls and even those seen sitting on the front porch of their homes. He tells them the problems of having too many children and how easy it is to have a vasectomy operation which the federal government will pay for.

Dr. Warren Hern is a real fanatic do-gooder, having spent two years in the Peace Corps down in Peru. The only problem is that he is now out murdering the future groth of the White race. The problem in America (and throughout the world) is that there are too few White people and too many non-Whites! We need more creative, energetic White people and fewer ignorant, crime prone Blacks. Therefore Dr. Hern's efforts are tragicly mis-directed.

Dr. Hern claims that during the past 90 days he has sterilized 84 Whitemen in Anderson County, Tenn. It is shocking to know that this is just a small part of an ever growing number of virile Whitemen who will never be able to implant the seeds from which civilizations are born.

At the same time Dr. Hern admits that Blacks do not take to the sterilization program. He says:

"There has been no negative reaction to the program from White people here, as there has been in certain Black communities, where sterilization is often equated with genocide."

Here lies the problem — Blacks need sterilization and Whites need to double our birth rate if civilization is to survive. This is all the more reason why we must expand the work of spreading the truths of The Thunderbolt to more and more people. There is still time to awaken people and save the White race. Help us by doing your part, order extra copies of this issue of The Thunderbolt and distribute them far and wide — we hope that you will order so many copies that we will be forced to reprint tens of thousands of extra copies to meet the demand. ISRAEL DEPORTING BLACKS OUT OF ISRAEL

In December,1969, a group of 39 Chicago Blacks migrated to Israel. They are members of a religious sect who claim they are Hebrews, members of one of the lost tribes of Israel. They claim they are Hebrews, members of one of the lost tribes of Israel. They claim to be authentic scions of the Hebrew patriarchs, Abraham, Isaac and Jacob.

Once they landed in Israel they invoked the Israeli law of *"the right of return"* by which every Jew can gain instant citizenship upon setting foot in Israel. These Blacks quickly requested all the privileges open to Jewish immigrants in Socialist Israel. This includes free housing, loans, welfare, etc.

Israel accepted these immigrants so as not to offend any of the African countries she is trying to influence and manipulate. The Jews didn't want any unfavorable publicity over this case, but openly stated that they did not believe these Blacks to be true Hebrews.

BUT MORE BLACKS ARRIVE

Other Black Israelites in America learned of the good fortune of their brothers in Israel. This encouraged more of them to buy one way flight tickets to Israel.

As the Black colony grew to over 400 in the city of Dimona where they settled, the complaints began to pour in. Other local Jewish residents charged that the Black Hebrews were jamming friends and relatives into small living quarters and sleeping many to a room, often on mattresses thrown on floors. They claimed Black children would accost Jewish children on the street and demand money, that Blacks strummed guitars and held parties late into the night. The Blacks would enter local supermarkets, fill carts with groceries and walk out without paying. Other Jews claimed the neighborhood was rapidly becoming a slum and that crime was rising.

Israeli authorities then took note of the Black Hebrew leaders calls for thousands of more Blacks in America to come to Israel to help them, *"take back our own country."* Jewish leaders stated the Blacks planned to flood the country until, *Israel will be a country run totally by Black men."* As fighting increased between young Jews and Blacks, the News hurled other charges: That the Blacks throw garbage out their windows and were turning the city into a *"Harlem."* Jewish officials then decided, *"This matter has gone too far."*

As the next batch of 18 Black Hebrews arrived at the Tel-Aviv airport, Jewish security men hustled them back aboard a returning flight, to America, informing them that *"you are not true Jews."* The Blacks are protesting vigorously, but

Bongo playing Blacks in Israel.

to no avail. What will become of the 400 already there is not known.

It is interesting how the Jews have reacted to Blacks in their country. They Deport Them! But when the NSRP in America advocates the repatriation of all Blacks in America back to Africa, the Jews are the first to attack us as *"bigots"* and *"hate mongers!"* It is a different matter when the shoe is on the other foot though. Two things have been proven by this case, one is that the Jew is the world's biggest hypocrite. Second is the truthfulness of that age old adage, *"You can take the Nigger out of the jungle, but you cannot take the jungle out of the Nigger."*

Judge: "Black Is Ugly"

It was one of those "believe it or not" cases. Superior Court Judge Alfred Burka was fed up with Black crime and violence. Despite the fact that the city of Washington, D.C. is 75 per cent Black he felt that the time had come to express his true feelings despite any incrimination which might result.

Judge Burka's own father was murdered during a holdup in 1969, and the Blacks charged with this foul crime were found 'not guilty.'

The Judge's outburst came during the trial of James L. Robinson who was charged with receiving stolen property. In lecturing Robinson, Judge Burka said:

"lack is not beautiful and let me say as far as I am concerned right now Black is pretty ugly based on my experience with a few certain people . . . Many are just too lazy to work and feel this is the easy way out . . . there is nothing that makes me madder than to have somebody have one of those bumper stickers that says, 'Black is Beautiful' and generally those are the ones that are making it ugly."

The *"Washington Star"* printed his words and sent a reporter over for further comments. The forthright judge told him: *"Half of those people that I see on television and the newspaper reporters that talk to me, well, if brains were dynamite, they wouldn't have enough to blow their nose, to put it bluntly."*

On the subject of the type of men instructing in our centers of higher learning Judge Burka said:

"I'll be very frank, my opinion of college professors is that most of them couldn't hold a job anywhere else. They're college professors because they're mostly incompetent."

On prisoners placed on probation, the judge says he keeps tabs on them every month and asks the probation officer: "tell me what kind of car they're driving because anybods who is working as a laborer sure as hell can't afford an $8,500 Cadillac."

We salute Judge Alfred Burka for having the guts to express the views that so many people have, but whose lips are sealed with fear. We wish him the very best of luck in his continued fight against crime and lawlessness.

Tragic Murder Reported

NSRP SUPPORTER

Mrs. Reta L. Burke is dead. She was a long time subscriber to The Thunderbolt. Last summer she saw a purse snatching from the window of her kitchen. She aided the police in solving the crime by identifying one of the suspects.

Police believe that she was later murdered by members of the Black gang called "The Warlords" in retaliation for her helping the police. She was rushed to the hospital where she fought a two week battle for life. She lost — we all lost!

The family, with two sons was packing to move from the neighborhood when Mrs. Burke was killed. They wouldn't even give them time to move away. Mrs. Burke was sitting in her backyard in a lawn chair when the Black assailant sneaked around the side of her garage and shot her with a blast from a shotgun. A witness said the killer was a teenage Black wearing a baseball hat. The purse snatcher she identified was named 'Faygo.' Before she died, Mrs. Burke said the boy who shot her was with 'Faygo' at the time of the earlier crime. But she died, before further identification could be made.

MRS. BURKE

Her husband and sons have now moved away from the Schoolcraft Meyers neighborhood of Detroit, Mich. Our deepest sympathy is extended to the family and our prayers go out for Reta Burke. Her untimely death illustrates how close all of us are to the consequences of rampant crime in America.

Blacks Seek To Ban Confederate Flag

Behind Foreign Aid Defeat

The National States Rights Party came out against foreign aid many years ago. But we have excluded from this necessary military aid to anti-communist allies. It is economic credits and money that we are agains giving away, simply because America is the "brokest" nation of them all.

Military aid is another matter entirely. Every year America destroys millions of dollars worth of surplus military items. It is definitely in our best interest to give such arms equipment to friendly anti-communist allies, like Nationalist Chuna, South Korea, South Vietnam, Cambodia, etc.

That is exactly the opposite of what the engineers of the Senate defeat of foreign aid have in mind. Sen. William Fulbright explained what he wants in his statement as follows:

"Henceforth we are going to pass on each foreign assistance case, and they will have to stand on their own merits. For instance we are not going to approve military aid for countries like South Vietnam and Cambodia, though we will, no doubt, approve it for non-controversial cases like Israel."

Readers, please read the above statement again — IT IS THE EXACT OPPOSITE OF WHAT WE OF THE NSRP STAND FOR. We are for military aid to friendly countries, but 100% against military aid to Israel, which is highly controversial as far as we are concerned. Israel has recently been denouncing America for not giving them all the Phantom Jets they demand. The arrogant Golda Meir has threatened retaliation agains any American politician who does not go along with her demands for military aid. What she means is that organized Jewry in America will go after any politician who does not agree with all of the Zionist's demands.

So please remember when you write your representative on foreign aid, that we are against economic aid, and FOR military aid to friends — BUT NOTHING FOR ISRAEL BECAUSE SHE HAS REFUSED EVERY ATTEMPT TO BRING ABOUT MIDDLE EAST PEACE.

Attica Aftermath

It is now three months since the Attica uprising. Still the liberal press fumes and rants over the police crushing of the prison rebellion at Attica, N. Y. Extreme begets extreme as the far-left promotes its solutions for the handling of American's growing criminal population.

A paper called "Undercurrent," is published in Buffalo, N. Y. Its editor is Jeffrey Bloom; business manager is L. Braunstein. (Note: radical Jews edit and publish almost every so-called underground newspaper in America.) In their edition of Sept. 15, they state that *"90 per cent of all prisoners in these institutions could be released under the proper circumstances. Prisoners should not be considered evil or sick but outcasts and products of a sick, insane system. The recent riots at Attica are only a symptom of the social pathology which has been left untreated."*

The Jews also call the American penal system too *"stringent,"* that prisoners are treated too violently said: *"No rehabilitation can go in in this murderous, fascist framework."*

They go on to advertise the call for a National student two day moratorium to protest the *"Attica Massacre."* Heads of the Student Association at the State University of New York in Buffalo are Keith Frankel, National Affairs Coordinator and Lester Goldstein, Academic Affairs Coordinator. (It should be further noted that practically the entire leadership of the radical student movement is made up of persons of the Jewish race.)

FOREIGN AID FOR AFRICA

Recently 93 members of CORE returned from a month-long tour of African states. Roy Innis, director of the *"Congress of Racial Equality"* announced a new program for the Harlem-based group. He charged that most American foreign aid is going *"to the Jews in Israel, or South Americans and Asians."* Innis declared that African nations are not getting *"their fair share."*

Innis said CORE should begin a lobbying program in Washington to have the following four points financed by Congressional foreign aid money.

1) The American government must increase financial aid to Black African nations on the scale that was poured into Europe for the rebuilding that took place after World War II.

2) Skilled professional and technicians must be sent to Africa to teach *"and learn the people!"*

3) Allow Black Americans to have *"dual citizenship with the African nation of their choice,"* as many Jews have with Israel.

4) To insure that the American government reacts favorably to whatever is in the best interest of the Black African nations.

Going even further, Roy Innis urged the formation of a Black Liberation Army here in America that would go to Africa to war against the Portugese and Whites of Rhodesia and South Africa. He states: *"It is vital for all Blacks to see themselves as one family and to pool their strengths and interests."*

Blacks are fighting to have all schools in the South bar their students from displaying the Confederate flag. It is a concentrated and organized campaign. Blacks flaunt their Black symbols of Black Power and constantly demand that special programs be established for the study of so-called "Black History" and "Black Culture." Of course such things do not even exist. Cannibals and savages in the darkest jungles of Africa do not even know who their parents or grandparents are, much less what nation they descended from — neither do most of the Blacks over here!

BLACK STUDENT arrested at Dixie Hollins High in St. Petersburg, Fla. She stabbed police officer at left (Note blood spot) during attack on White children who were displaying Confederate Flag.

In Jacksonville, Fla., students at the Nathan Bedford Forest High School have been forbidden the use of the Confederate flag by school officials. They demanded the right to vote on the subject and it passed overwhelmingly. In New Orleans Dr. Edward R. Fields addressed students who are fighting for the same right to display the flag of their forefathers.

One despotic federal judge in North Alabama has actually had the unmitigated gall to outlaw our flag at one school charging it is a racist symbol? If that is the case, is not the Black power flag and salute "racist symbols?"

In St. Petersburg, Fla., Blacks have attacked Whites for displaying the Rebel Flag. One policeman was stabbed last month by a negress during such a fray.

In Chattanooga, Tenn., Rod Melton, son of Mr. and Mrs. Bryan Melton has been suspended from Brainerd High for refusing to remove a tiny Confederate Flag lapel pin from his coat. The insolent Black students had objected. The school's Negro catering principal, Dr. Billy von Schaaf suspended Rod.

The family took the case into court and as expected race-mixing Judge, Frank Wilson, ruled that the flag was a "provocative symbol" and the youth was rightfully suspended from school. Mr. and Mrs. Melton have retained Attorney Jack Kershaw of Nashville and have appealed the judge's ruling.

Another similar case in Virginia is right now being appealed to the U. S. Supreme Court. We hope that all readers will keep us appraised of all cases involving the suppression of White peoples heritages and traditions by enemies of the White Race. We will report this news to you, in the meantime everyone should use the Confederate Flag and The Thunderbolt Flag more frequently. Let's not allow these race-traitors to think for one moment they are going to outlaw the flag of our forefathers. Keep fighting, the resistance movement is spreading like wildfire all across the nation!

Forced Integration Cause Of School Violence

The Policy Institute of Syracuse University of New York has revealed that forced racial mixture of students is the main cause of violence in the schools. Questionnaires were answered by 683 high schools. 85% of them reported some kind of disruption during the past 3 years ranging from walkouts and boycotts to vandalism, arson and fighting.

This report states:

"Integration causes so much tension, conflict and sheer hatred between Black and White children that schools cannot maintain control, and thus fail in their task of educating children to be mature citizens."

One of the investigators remarked that: *"This is shattering news for liberals seeking to build fully integrated society."*

In fact, this is confirmation that segregated schools, where each race attends schools made up exclusively of their own kind, is the most productive type of education. In the past each race attended separate schools and classroom violence was practically unheard of. The experiment of school integration has turned out to be a dismal failure and must now be abandoned.

Another part of the Policy Institute report added: *"Disruption is positively related to integration. Schools which are mostly White, or all Black are less likely to be disrupted. Pathological unrest will continue in our urban high schools for a long time to come."*

The report also warned that a new type of dangerous race hatred has developed called *"Black revenge."* Researchers reported that large numbers of Black high school students told them, in one way or another; *"It's Whitey's turn to take some heat."*

It is unthinkable that federal officials and judges whose own children are all in private schools can demand that the White working class send it's own children to Blackboard jungle schools. This injustice must be fought with every means at our command until common sense returns the public schools from the hands of tyranical federal judges and back to the people.
